

Request under the Freedom of Information and Protection of Privacy Act:

I am seeking information from 2016 calendar (or 2016/17 fiscal, whatever is easier), on ferry capacity and reservations.

For each of the following routes:

- *Horseshoe Bay-Departure Bay*
- *Horseshoe Bay-Langdale*
- *Tsawwassen-Swartz Bay*
- *Tsawwassen-Duke Point*
- *Tsawwassen-Southern Gulf Islands*

I would like to know, for every sailing:

- ...
4. *How much revenue on that sailing came from reservations;*
-

If the revenue figure is not available on a per-sailing basis, then an overall figure on these routes for the year will suffice.

Response:

Private Vehicles Reservations Revenue by Route for 2016*	
Tsawwassen - Swartz Bay	\$9,431,663
Horseshoe Bay - Nanaimo	\$5,071,752
Horseshoe Bay - Langdale	\$2,172,521
Tsawwassen - Southern Gulf Islands	\$108,110
Nanaimo - Tsawwassen	\$3,182,541

*Please note that the Tsawwassen - Southern Gulf Islands route is 100% reservable when travel is purchased in advance, and that the fare for this route includes the reservation. Therefore, the Tsawwassen - Southern Gulf Islands route shows only the revenue from reservations that had a cancellation fee or reservation change fee. For the remaining routes, the revenue includes reservation and reservation change fee revenue, and is net of any refunds that might have been issued.
